

ACO Strategic Performance Insights

Evaluation and Action Planning

Accountable Care Organizations, Medicare Savings Programs, and Clinically Integrated Networks are facing many complexities and challenges.

Whether it's aligning quality and cost considerations, leveraging and integrating data across disparate systems, or navigating complex regulatory and contractual requirements, leaders are faced with endless competing priorities.

Our ACO Strategic Performance Insights delivers an action plan that quickly brings your team together and provides focus for the organization to achieve its business objectives. Leverage decades of real-world experience to refresh your perspective and unlock opportunities.

Focus Areas

Holistic Strategy Review

Assess current strategies, ensuring that the strategies align with organizational goals and the ever-evolving healthcare landscape.

Think "has the market changed?"

Payor Contracting Analysis

Evaluate the payor contracting approach to identify opportunities for improvement and optimization and assess the level of risk being taken compared to the potential returns.

Think "is the juice worth the squeeze?"

Data Integration Assessment:

Examine population health data management strategies, assessing the level of integration and effective utilization of data across the organization.

Think "have we turned good data into action?"

Quality and Financial Performance Review

Conduct an analysis of quality metrics and financial performance, identifying areas for enhancement, including use of predictive modeling, artificial intelligence, care management, and closing gaps in care.

Think "are we delivering on our promise?"
